

The Canterbury Community Farmers Market Association is seeking new and renewing members for the 2023 season!

We invite you to support our mission to promote community, local food, and agricultural products through regular, dynamic farmers markets. Our weekly market is an important venue for the community to gather and to connect with our local food producers!

- Market memberships represent 50% of our basic operating budget each year. Stall fees from our vendors, music sponsorships, and other support make up the rest of our income.
- Each \$25 membership helps support activities for children and adults, special events, demonstrations, “Mary Ellen’s Basket” (the Market’s charitable giving program), coupons for Loudon Food Pantry patrons, advertising, and insurance.

A vibrant farmers market is a win-win for you and the community!

The Market is held each Wednesday in the summer next to the Elkins Library, 4-6:30pm, rain or shine (except for big thunderstorms).

Opening Day is Wed., May 31, 2023.
